Business Expert Press, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book is the definitive guide to trading penny shares. It guides traders through the mechanisms of setting up a portfolio, risk strategy and tools to trade stocks that, by virtue of their prices, are extremely volatile. Using scalping techniques, Magliolo weaves a fundamental analysis, understanding global market correlation and technical analysis to profit from predictable market movements. There are only two skills novice and professional traders around the world need to profit from market volatility and movement. The first is information, which The Penny Share Millionaire will amply and succinctly provide. The second is Discipline. Follow the guidelines in the book and this becomes the norm. Magliolo was the first editor of Red Hot Penny Shares in South Africa in the early 2000s and has since written 13 international financial books on trading and global strategy, hosted dozens of conferences and is a regular host on business news. Magliolo's Millionaire Trader newsletter has achieved a 40 annual average growth over the past 14 years, while his high risk newsletter The Millionaire Trader has seen investors earn +75 annual average growth.
