

OECD business and finance outlook 2017 (Paperback)

Filesize: 9.21 MB

Reviews

Absolutely essential study publication. It usually fails to expense an excessive amount of. Your lifestyle period will probably be transform when you full looking at this publication.

(Ms. Allene Conroy)

OECD BUSINESS AND FINANCE OUTLOOK 2017 (PAPERBACK)

Organization for Economic Co-operation and Development (OECD), France, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The OECD Business and Finance Outlook is an annual publication that presents unique data and analysis that looks at what might affect and change, both favourably and unfavourably, tomorrow s world of business, finance and investment. Using analysis from a wide range of perspectives, this year s edition addresses some forces influencing economic developments that have contributed to recent surprises in elections and referendums. A common theme of these surprises has been voter discontent with globalisation and immigration that are perceived to be causes of unemployment and falling living standards for substantial segments of society in a number of OECD countries. This Outlook s focus is on ways to enhance fairness, in the sense of strengthening global governance, to ensure a level playing field in trade, investment and corporate behaviour, through the setting and better enforcement of global standards. A brief review of important developments contributing to post-war globalisation is provided and a number of policy domains are covered. These include exchange rates and capital account management, financial regulation since the global financial crisis, the rising weight of state-owned enterprises in the world economy, competition policy to deal with international cartels, the cost of raising capital, responsible business conduct and bribery and corruption.
