11+ ESSENTIALS COMPREHENSIONS FOR CEM: BOOK 1

The University of Buckingham Press, United Kingdom, 2013. Paperback. Book Condition: New. 297 x 210 mm. Language: English . Brand New Book. This publication provides your child with the material - usually passages from classic and contemporary texts - to understand and practise the disciplines of this important element of the CEM 11+. They will gain experience of questions and how to cope with the variety of styles presented. All editions of the 11+ Essentials series are suitable as practice for independent schools and new, CEM-style 11 plus exams. As with all the First Past the Post editions these are the only test practice materials that provide your child with individual on-line evaluation and access to peer group comparison. They offer ideal preparation for new, CEM-style exams in 11 plus and are suitable also for independent schools testing. Extensively road-tested by ElevenPlusExams, these tests are best used as real exam practice to benchmark your child s performance. The on-line service helps identify areas for improvement and, crucially, gauge peer comparison anonymously. They are perfect for use both in the classroom and at home.
