

Its All Relative. The God Factor. How I View Our Universe

By Mr. Anthony L. Calistro Jr.

It's All Relative.The (G)od Factor. Paperback. Book Condition: New. Paperback. 122 pages. Dimensions: 9.0in. x 6.0in. x 0.3in.If you were to walk into a mall and ask fifty people what they thought was out in our universe, how many different answers would you get In an approachable, conversational style bringing together science and spirituality, Anthony Calistro asks some of the big questions and proposes his own thoughts on the possibilities of God and the universe in this unique and uplifting book. As he explains, I go to work every day like everybody else. Im not an astrophysicist or quantum physicist; Im just like the other ninety-nine percent of us, but still wonder how I fit into this universe, and where I came from. His personal experiences with God and the universe led him to develop a different theory on faith, nature, and the universal experience to share with the world. Together, tackle the science vs. God debate from a unique perspective, with three questions about life: Where did we come from and how did we get here Why are we here Where do we go when we die With discussions of miracles versus chaos theory, alternate dimensions, near-death and out-of-body...

Reviews

This ebook may be worth a read, and far better than other. It is among the most incredible ebook i have read. You will like the way the article writer publish this publication.
