Very useful to any or all group of men and women. It is written in basic words instead of difficult to understand. I realized this ebook from my i and dad recommended this publication to understand.

The Bodleian Library, United Kingdom, 2015. Hardback. Condition: New. Language: English . Brand New Book. The art of being a good husband is not an easy one. This little guide was written for the middle classes of the 1930s who were reading one of the first modern self-help books. Illustrated with contemporary line-drawings, it contains advice by turns delightfully arcane and timelessly true, for example: Don t squeeze the tube of toothpaste from the top instead of from the bottom. This is one of the small things of life that always irritates a careful wife. Don t think that your wife has placed waste-paper baskets in the rooms as ornaments. Don t tell your wife terminological inexactitudes, which are, in plain English, lies. A woman has wonderful intuition for spotting even minor departures from the truth. Do cultivate the habit of coming down to breakfast with a smile. Remember that as the head of the house, it is your duty to see that everyone starts the day in an atmosphere of happiness. Don t criticise the food at your own table when you are entertaining and especially refrain from doing so before the servants.
