Reviews

Without doubt, this is actually the best job by any publisher. It is written in basic phrases instead of difficult to understand. You will like the way the author publishes this publication.

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from New York State s Prominent and Progressive Men, Vol. 1: An Encyclopaedia of Contemporaneous Biography It is the aim of the present work, in this and the succeeding volumes, to set forth the life-records of a considerable and repre sentative number Of the prominent and progressive men Of the Empire State of the American Union. They are chosen from all honorable walks of life, public and private. They represent all political parties, all departments of industry and trade, and the various learned professions which fill SO large a place In the social economy Of the modern community. Some Of them are in af?u ent and some in moderate financial circumstances. Some of them have finished or are finishing their life-works, and some of them are, seemingly, only upon the thresholds of their careers. There is no intention nor attempt to choose or to compose a class, save as native ability and achieved leadership in affairs may be the characteristics of a class. There are names on the roll that will command instant recognition and there are others that may have in these pages their first introduction to the gen eral public. The one qualification required, which will be found a characteristic of all, is that Of such achievement as gives fair title to prominence or to a repute for progress.
