Reviews

The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Lippincott Williams & Wilkins, 1999. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Using a nursing process framework, this active learning book helps students develop effective thinking skills. Readable, thorough and well-organized, the book's practical approach covers all aspects of critical thinking, and progresses from less complex to more complex material. Activities throughout the text encourage readers to identify, value, and enhance their thinking. Multiple examples of concepts from everyday life and nursing situations help readers apply learned information. Special features include: Action Learning exercises; Tracking Nursing Thinking checklists; Thinking-Learning Checks; multi-cultural focus; and numerous case studies. New in this edition: chapter on Designing Care: A Nurse and Patient Thinking Partnership; Nursing Interventions Classification (NIC) and Nursing Outcomes Classification (NOC); and a New Foreword by the authors of NIC.
