

Navy Littoral Combat Ship (Lcs)/Frigate Program: Background and Issues for Congress (Paperback)

By Ronald O Rourke

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The Navy s Littoral Combat Ship (LCS)/Frigate program is a program to procure a large number of LCSs and modified LCSs. The modified LCSs are to be referred to as frigates. The LCS program has been controversial over the years due to past cost growth, design and construction issues with the lead ships built to each design (including, most recently, multiple problems with the ships propulsion systems), concerns over the ships survivability (i.e., ability to withstand battle damage), concerns over whether the ships are sufficiently armed and would be able to perform their stated missions effectively, and concerns over the development and testing of the ships modular mission packages. The Navy s execution of the program has been a matter of congressional oversight attention for several years. Two very different baseline LCS designs are currently being built. One was developed by an industry team led by Lockheed; the other was developed by an industry team that was led by General Dynamics. The design developed by the Lockheed-led team is built at the Marinette Marine shipyard at Marinette, WI, with Lockheed...
