University Press of Florida, United States, 2001. Hardback. Condition: New. New. Language: English . Brand New Book. A dazzling array of essays that vastly expands our understanding of the role of the media and popular culture in the politics of race. From Andy Griffith to Amiri Baraka, from Leadbelly's blues to Sweet Sweetback's Baaadassss Song, this is a brilliant and irreplaceable collection. --Timothy B. Tyson, University of Wisconsin-Madison, author of *Radio Free Dixie: Robert F. Williams and the Roots of Black Power* Stimulating and insightful, these essays on the relationship among the media, popular culture, and the postwar African American freedom struggle offer new perspectives on the nature of the Civil Rights Movement and its legacies. At the same time, they suggest how much the struggle itself shaped important trends in American culture and mass media in the 1950s and 1960s. Bringing together a range of voices seldom heard together, this book challenges readers to reconsider the ways in which a simplistic master narrative of the Movement has come to dominate popular, and even some scholarly, understandings of the meaning of the freedom struggle. CONTENTS Introduction: Forgotten Wails and Master Narratives: Media, Culture, and Memories of the Modern African American Freedom Struggle, by Brian Ward 1. The Media and the Movement: Looking Back from the Southern Front, by Julian Bond 2. A Media-Made Movement? Black Violence and Nonviolence in the Historiography of the Civil Rights Movement, by Jenny Walker 3. Black-Oriented Radio and the Civil Rights Movement, by Stephen Walsh 4.
